VOLUME CIX.--NO. 96. ALEXANDRIA, VA., WEDNESDAY EVENING, APRIL 22, 1908. PRICE 2 CENTS

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

◇ ◇ ◇

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

◇ ◇ ◇

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements, caused by weakness, ulceration of the uterus and kindred affections, often after many other advertised medicines and physicians had failed.

◇ ◇ ◇

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

THAW TO FIGHT FOR LIBERTY.

Mrs. William Thaw, mother of Harry K. Thaw, is prostrated at her home in Pittsburg, Pa., over the news that her son has hired an outside attorney and is prepared to try to fight his way out of Matteawan. It is announced by one very close to the family that the entire Thaw family will join in a movement to prevent the slayer of Stanford White from getting out of the insane asylum at the present time.

That Harry's move is a great surprise, too, is known by the fact that the Thaw family had not thought Harry had any money with which to go outside the family's choice of attorneys for help. This proves to have been a mistake, however, since, from one close to the family, comes the story that Harry K. Thaw, some time before his second trial, cunningly secreted about $120,000 to be used in just such an emergency.

This money was drawn from his mother, his two sisters, Mrs. George Carnegie, and the Countess of Yarmouth, as well as his own brother, Josiah Thaw, who recently contributed $80,000 each in a real estate deal in Harry's property at Pittsburg.

Fearing he might be sent to Matteawan and that his family might not move quick enough to get him out, Thaw is said to have converted all this into cash and had it placed, through a trusted friend, where he could lay hands on it for outside legal help if it came to trouble. This he is now using.

THE STRIKE IN CHESTER.

Carrying no passengers, cars manned by nonunion men were running yesterday on all of the lines of the Chester, Pa., Traction Company, the employes of which have been on strike for more than a week. The cars are not accompanied by details of the state police, as the strikers and their sympathizers are not molesting the crews. The strikers are advocating a boycott, and some of them have 'busses in operation in competition with the company.

Both branches of the City Council met Monday night and the traction company was severely criticized. Council lauded the local police for their "efficient" service and blamed the traction company for the present condition of affairs. Council approved a message of Mayor Johnson, which complimented the strikers, citizens and police for their "peaceful behavior during the trying circumstances of the past week."

Six resolutions were adopted by Council which may mean an expenditure of nearly $100,000 by the traction company for municipal improvements along their lines.

The nonunion crew of one of the cars of the company was arrested yesterday by the local police, charged with ignoring a city ordinance in not ringing the gong of the car, when approaching a street crossing.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Rodine, Ga., Aug. 27, 1906." Sold by W. F. Creighton & Co.

FIRED ON CAR.

After a week of quiet in the street car strike, with the State troops present to preserve order, Pensacola, Fla., was again thrown into a turmoil yesterday afternoon, when a mob of twenty-five men attacked a street car in the suburbs of the city and probably fatally wounded the conductor, G. Hoffman.

Following this attack, W. L. Wittich, jr., a stenographer, was fired upon by unknown persons as he was approaching a car in the city to ride to his home.

While the city was quiet last night, considerable nervousness was shown on all sides, further outbreaks being feared.

The car that was attacked had just started from one of the suburbs for the city. The mob suddenly appeared and attempted to board the car, but the car was started ahead at full speed.

The crowd then opened fire, riddling the car as it dashed away, three bullets striking the conductor.

An alarm was turned in, and a provisional company of mounted troops went double quick to the scene. The crowd had dispersed, however, when the troops reached the scene, and no arrests were made.

Adjt. Gen. Clifford R. Foster last night appealed to the labor leaders to prevent violence and disorder.

CATHOLIC MARRIAGE LAWS.

While in most of the Catholic archdioceses and dioceses of this country the prelates have issued statements regarding the enforcement of the new regulations concerning engagements and marriage it was learned Sunday in Baltimore that Cardinal Gibbons has made none, and is believed to be waiting for some modification.

In sending a copy of the new regulations through his archdiocese the cardinal inclosed a small circular, directed through the chancellor of the archdiocese, in which he stated that the inclosed regulations were to be accepted until further changes might be announced.

It is said that a conference of the archbishops will be held at the Catholic University shortly to discuss the advisability of suggesting modifications in the decree. Cardinal Gibbons will preside, and it is believed several important changes will be made.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, APR. 22, 1908.

THE State Board of Education has adopted a single list of books for the public schools as far as compatible with the interests of the parents, and the list was published in yesterday's Gazette. In the selection made, the board, it is understood, aimed to choose the least expensive publications, provided they were satisfactory in standard and were well printed and durable. Quality and price and adaptability to use in the schools of the cities and of the counties were the chief considerations. The board did not attempt a sweeping and rigid change from the multiple list to the single list, realizing that such a change would work a greater hardship than the retention of the multiple list. By the action of the board the price of school books in Virginia will be greatly reduced and a considerable burden thus taken from the parents whose children attend the schools. One of the main features of the new plan is that it no longer imposes on local school boards the ultimate choice of books and the responsibility therefor, but assumes that responsibility itself.

In reference to the new single book list we agree with the Petersburg Index Appeal, which says:

We regret that the board in its adoption did not see fit to include on the list the works of those eminent Virginia text-book writers whose names are familiar to the elder generation. There are Venable's arithmetics and algebra; Maury's series of geographies; Holmes' and McGuffey's readers; Holmes' history of the United States and others, from which thousands of Virginia men and women received their knowledge of these subjects. Just why the children of the present generation cannot use the same books which were common in the schools twenty or twenty-five years ago we cannot see. It is absurd to contend that any modern writer was a better geographer than Matthew F. Maury, or that any of our latter day mathematicians was superior to Colonel C. S. Venable, or that the compliers of school readers nowadays are superior in culture and competency to Professor George F. Holmes, or to Professor McGuffey. It is questionable, too, whether the children of today are being any better trained in these common schools branches than were the children of preceding generations. Progress is desirable when there is any real progress, but a mere change made to please a publisher is all wrong.

THE City Council did a good work last night when, without discussion and by a unanimous vote in both branches, it passed the ordinance providing for the refunding of the city's debt. This debt by the wise and conservative action of those who have had its management in charge since the issue of 1879 have reduced the amount from over $1,000,000 to $745,000 ($300,000,) and by the sinking fund provision in the new ordinance the entire debt will be gradually retired. Under its provisions for the first ten years a sum equal to one per cent. of the entire debt is set aside for retiring the bonds. The bonds thus retired at the expiration of this period are to be cancelled and for the next ten years a sum equal to one and one-half per cent. on the remaining outstanding debt is set aside as a sinking fund; and by that time it is expected that the debt will be so well in hand as not to be an embarassment to the city, as it is at present. The rate of interest is set at four per cent. and the offer is made to the holders of the present bonds, which bear 3.65 per cent. interest, to accept the new bonds at the increased interest rate one year in advance of the time of the falling due of the former. This is a liberal proposition and it is believed that the large majority of the holders of the city's obligations will avail themselves of its provisions and exchange the old for the new bonds.

MR. SAMUEL GOMPERS assailed the justices of the United States Supreme Court at the big labor mass meeting at Grand Central Palace, in New York, on Sunday. This is all wrong. Mr. Gompers is the head of a labor organization composed largely of working men. The lawful rights of these men are protected by the courts, but if they are taught to disregard the law and defy the interpretors and construers thereof by the highest court in the land then will there be a condition of affairs in this country bordering on anarchy. To obey the law and those in authority is better advice than that given by Mr. Gompers.

LOUDOUN LAND SALES.

Dr. Joseph M. Fox, of Leesburg, one of the wealthiest citizens of Loudoun county, has sold his home, Montresor, to Mr. James French, of Washington, for $18,000. The farm contains about 200 acres

The farm of the late Margaret Myers, near Paeonian Springs, has been purchased by F. S. Compher for $75 an acre.

The F. W. Birdsell land, near Lincoln, Va., has been sold to the Emancipation Association of Loudoun county for $125 an acre.

Washington, D. C., April 22.

Representative Carlin will introduce a resolution calling on the secretary of war for all information relative to the erasure of the name of Jefferson Davis from the aqueduct bridge near this city. The bridge was completed during the term of Mr. Davis as secretary of war and his name appeared on the cap-stone of the abutment. During the civil war the name was chiseled out, it is said, by the order of the then secretary of war. Mr. Carlin's bill is preliminary to the introduction of a bill for the restoration of Mr. Davis's name.

Gratifying reports of the government's recent crusade against anarchists were submitted today to Assistant Attorney General Cooley by the fifteen U. S. district attorneys and half score of chief examiners of the new naturalization bureau now in secret session here. A high official gives it as his belief that through the work of this bureau, several thousand anarchists will be deported before the end of the year. At present he is confined to a lounge in his committee room, suffering with a severe pain from injuries to his back. A second examination will be made by his physicians this afternoon and on that will depend whether he will be sent to a hospital. Representative Chaney, of Indiana, was also jolted up in the collision, but not seriously hurt.

Real Admiral Samuel W. Berry, commandant of the naval station at Honolulu, will be placed upon the retired list of the Navy tomorrow for age. Rear Admiral Wm. S. Admiral Cowles will not receive a sea command because of his early retirement for age on August 1.

Quentin Roosevelt was a passenger in the big army balloon "Signal Corps No. 10," which soared upward from Washington today in charge of the army aeronaut Capt. Chandler. At the republican State convention at Concord, N. H., yesterday, unpledged delegates to Chicago were elected. The anti-Taft faction was strong. The House committee on appropriations has inserted in the sundry civil bill a clause prohibiting the use of any money appropriated by the bill for the secret service in carrying out any secret service work other than the guarding of the president and the detection and prevention of counterfeiting. The insertion of this clause was prompted by complaint that the secret service was being used by the various departments in "shadowing" and other detective work for officials.

That the Camp Manufacture Company may renew contracts to cut part of 900,000,000 feet of lumber in Virginia was decided by Judge West at Lawrenceville. Judge West decides that the Camp Company may have ten years in which to cut several million feet.

HEART TURNED AROUND.

Surgeons bending over the opened body of Judge John E. McKeighan, of St. Louis, as it lay on the operating table at the Johns Hopkins Hospital, Baltimore, several hours after he had died of a baffling malady, were astonished as they looked within the cavity to discover that instead of the usual setting of the organs, those in the body were scattered about in almost unbelievable places.

His heart was turned in a position opposite the normal, his kidneys were united by a ligament in the shape of a horseshoe, and the liver was upside down, with the gall bladder on top. Many of the smaller organs were a chaos of entangling cords and fatty substances.

How Judge McKeighan lived with such a strange transposition of the machinery of his body appears marvelous. Surgeons are mystified at it. Whether he was born with his organs in abnormal positions or they were put in this state through disease or some freak of nature is not known.

Forty Million Dollar Loan.

New York, April 22.—Formal announcement is expected today of the new issue of $40,000,000 bonds of the Pennsylvania Railroad and all Wall street is rejoicing over the loan. The ability of the Pennsylvania to secure this enormous sum following the period of financial depression, financiers think, proves the end of the panic. It is stated on good authority that the bonds will be for a long term, will bear 4 per cent. dividend and have been sold at 96. A lien on the Pennsylvania terminal property here will guarantee their security.

City Council.

There was a short session of the City Council last night, the meeting having been called for the purpose of acting on an ordinance prepared by the finance committee providing for the issue of bonds in the sum of $745,000, bearing interest at the rate of 4 per cent, beginning July 1, 1908, which will mature July 1, 1938, for the purpose of refunding the city debt, consisting of outstanding bonds of the above-named amount dated July 1, 1879, and which will mature July 1 1909. The bonds will be in denominations of $1,000, $500 and $100. The ordinance continues the present sinking fund commission, consisting of the mayor, city treasurer, auditor, president of the board of aldermen, and president of the common council, and provides that the city council shall pay annually into this fund, between July 1, 1908, and July 1, 1918, not less than 1 per cent of the amount of the bond issue; between July 1, 1918, and July 1, 1928, 1 1 2 per cent on the bonds then outstanding and between July 1, 1928, until 1938, 2 per cent on the bonds outstanding.

BOARD OF ALDERMEN.

Mr. Sweeney, from the finance committee, presented the ordinance, and in doing so made a succinct statement regarding its purpose and others matters in relation thereto.

Mr. Marbury said the finance committee had shown good judgment in all they had done in connection with the work which had been laid upon them.

The ordinance, after having been read three times was passed by a unanimous vote.

A report of the committee on streets recommending an appropriation of $2,000 for the improvement of Fayette street from Duke to Princess, received from the Common Council at the last meeting, was adopted.

Several papers which had been acted upon by the lower board were subsequently received and their action concurred in after which the board adjourned.

COMMON COUNCIL.

The excitement incident to the election held in the Second ward yesterday caused quite a gathering in front of the City Hall last night and among the number were the members of the City Council who were to meet at 7:30 o'clock for the purpose of considering the ordinance providing for the issuance of $745,000 4 per cent. bonds, in denominations of $1,000, $500 and $100, respectively, and bearing date of July 1, 1908, which are to be used for refunding the bond issue of 1879.

The committee on finance in conjunction with the Auditor and sinking fund commissioners had prepared a circular letter explanatory of the new issue, stating that the city would prefer exchanging bond for bond with the present holders rather than offer them for sale whereby a slight premium might be secured. When the ordinance came in from the Board of Aldermen, having been adopted by that board,

The Chair took occasion to say that the ordinance had been carefully prepared by the Corporation Attorney, finance committee and the sinking fund commissioners. He was of the opinion that every precaution had been taken in the preparation of said paper and hoped that the matter would be settled quickly. He did not make these suggestions, however, in order to cut off debate, but only to expedite business.

Mr. Uhler inquired as to whether the money necessary for the execution of these matters had been provided for, and suggested the passage of an ordinance making an making an appropriation.

The Chair stated that the next meeting of Council—April 28—would be time enough to consider this matter.

The ordinance was placed on its passage and the vote resulted—Ayes, 16; noes, none.

The Chair stated that the meeting was an adjourned one from April 14, and was for a specific purpose, and that it would require unanimous consent to consider other propositions, but as there were urgent matters which should be considered he would ask action on two items of legislation. One was the communication from the School Board asking Council to take up the matter of a new building for the girls school. This at his request was referred to the committee on finance.

Another matter was a proposal from Mr. Arthur Bryant to purchase a lot on the old canal property with the proposal being a certified check for $100 as evidence of good faith. This was referred to the committees on finance and public property. In connection with this it was understood that Mr. Bryant would establish a manufacturing plant to cost not less than $5,000 and to employ a number of men.

The committee on streets reported in favor of the petition of C. E. Roberts to extend the bay window of his residence on Queen street, provided that there was no objection on the part of the abutting property owners.

Mr. Uhler objected to the last clause in the committee's report and said that Council should face these matters and take the responsibility and not place it on the property owners, or else compel builders to conform strictly to the letter of the law.

The Chair said that neighbors possessed the right to object and he could see no reason for changing existing custom.

Mr. Spinks thought there were many superfluous laws on the statute books, and called Mr. Uhler's attention to many violations of building regulations.

Mr. Harrison said he had seen the work Mr. Roberts was having done and thought he would comply with the law and not extend the window beyond the limit.

The report of the committee was agreed to.

The petition of Mr. Lloyd E. Spittle to build two frame houses on Duke street was granted.

Mr. Birrell brought up an urgent matter from his ward. Mr. M. L. Dinwiddie was building at the corner of Cameron and Alfred streets, but was having trouble on account of an incompleted sewer on the streets referred to. He said Mr. Dinwiddie was building a house valued at about five thousand dollars, and asked that discretionary power be granted the street committee so that they could assist Mr. Dinwiddie in connecting the property with the sewer.

Mr. Evans said that was a matter for the City Engineer and committee on streets. Nothing further appearing Council adjourned.

Today's Telegraphic News.

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., April 22.—Ex-Senator William P. Barksdale died at 2:30 this morning at his home in Halifax county, after a long illness of consumption.

Daniel Harman, attorney and members of the board of visitors of the University of Virginia, is critically ill and four physicians are attending him. He had a spasm followed by gastric hemorrhage.

It is learned at the office of the corporation commission that C. Haskins, cashier of the Chase City branch of the Bank of Mecklenburg, who was arrested yesterday for allowing the Kershaw Manufacturing Company to borrow $25,000 without the knowledge of the directors, is himself treasurer of the Kershaw Company. Another officer in the company is B. E. Cogbill who borrowed so heavily from the Bank of Mecklenburg.

Death of Ex-Premier Campbell-Bannerman.

London, April 22.—Former Premier Sir Henry Campbell-Bannerman died at 9:15 a. m. today. He had been ill for many weeks and resigned his office less than a month ago owing to the growing seriousness of his condition. He succumbed of heart disease.

Sir Henry Campbell-Bannerman was the first liberal prime minister in England since Lord Rosebery's surrender of the governmental reins in 1895. He was born September 7, 1836, in Forfarshire, Scotland, the son of Sir James Campbell, of Stracathro. He assumed the additional name of Bannerman under the will of an uncle, was educated at Glasgow University and Trinity College, Cambridge, and entered early upon political life, following the same up to a short time ago. Illness and advancing age began to tell on him several months ago, and when King Edward was preparing for his recent vacation in France he did not try hard to conceal the fact that he deemed Sir Henry's resignation desirable. The premier realized the precarious position of his party, however, and his own ability to hold it together and ignored all his majesty's hints. The king had not been-gone many weeks, however, before Sir Henry's physicians made him realize that his only hope of life lay in absolute rest and Sunday night, April 5, his resignation was announced. Chancellor of the Exchequer Asquith, who had been acting party leader and premier during his chief's illness, succeeded him.

Rounding up Revolutionaries.

Madrid, April 22 —Revolutionaries, anarchists and republican leaders at Lisbon are being quietly rounded up by the police, according to dispatches from Portugese capital, a precaution against an an i-government demonstration when King Manuel opens the new cortes, next Wednesday. His majesty's advisors have strongly advised against the young monarch's public appearance in in the cortes, in view of the republicans claim that election frauds were responsible for the choice of a monarchial assembly, but Manuel fears his prestige will suffer if he shows signs of fear. The suspects will be held in prison until after the assembly's openings. Trumped-up charges are being preferred against them under which there will be no attempt at prosecution after the danger is over.

Tossed by Street Car.

Chicago, April 22.—While attempting to cross Wabash avenue today Miss Bertha Marcus was picked up by the fender of a southbound car, tossed twenty feet forward to the fender of a northbound car and then thrown to a standing position to one side of the car. The feat was accomplished in a fraction less than two seconds. In crossing the street the young woman became confused when she saw two cars approaching from opposite directions. She stopped in the center of the track in front of the southbound car. The motorman put on brakes, but before he could stop the car she was struck and hurled into the air. Miss Marcus carried a purse when she went up and still held it in her hand when she came down the last time.

Cabrera's Vengeance.

City of Mexico, April 22 —Just how many persons have given their lives for Monday's attempt at the assassination of President Cabrera of Guatemala is uncertain. The most rigid censorship has been placed on all outgoing messages from Guatemala City and every effort has been made by the Guatemalan government to minimize both the extent of the conspiracy and the accounts of Cabrera's vengeance. The formal trials of the suspects are set for the first of next week, but there are rumors that several, of whose guilt Cabrera was probably convinced but against whom he presumably believed the evidence too weak to warrant convictions, have been quietly put to death in prison.

Murder and Suicide.

Norwood, Mass., April 22.—More than two years of anxious watching against her husband were of little use to Mrs. E. Munroe Boyden, who is dying today from the effects of a bullet fired by the man enraged because she had divorced him. Many times since their divorce Boyden had threatened to kill his wife. Last night he eluded the police, who have been watching him, came to the house where his wife lived with her two sons, pulled a revolver and opened fire. Mrs. Boyden fell shot through the lungs. Another bullet slightly wounded their eldest son. Then Boyden fired two shots into his own body and died almost instantly.

The Socialists.

Chicago, April 22.—That the socialist party will poll a vote of 1,200,000 is the expectation of its national secretary, J. Mahlon Barnes. The socialist national convention will be held in Chicago beginning May 10. Eugene V. Debs and William D. Haywood are the most important candidates for the presidential nomination. A large proportion of the delegates will be women, says Barnes, and several millionaires will also attend.

New York Stock Market.

New York, April 22.—The stock market this morning was dominated wholly by manipulative orders coming from both banking interests and various pools that lifted prices without much regard to new conditions. Railroad stocks generally made fractional gains and in some cases advances of over one point were scored.

China and Japan.

Shanghai, April 22.—The mikado's implied threat of hostilities unless China immediately calls off the anti-Japanese boycott has only strengthened the popular hated of the islanders.

The Chinese government is plainly frightened. The foreign board explained nervously to the mikado's diplomatic representative that everything possible will be done to allay feeling against his people, but the government is really powerless—and knows it—to check the boycott's spread. The answer to Monday's announcement that a Japanese fleet would visit Chinese waters was the cause of a multitude of meetings at important cities all over the empire to extend and strengthen the determination to have nothing further to do with Japan.

English traders in the east are openly urging the Chinese not to yield.

The Japanese battleships and cruisers which have arrived at Amoy on their way to joint the rest of the squadron on its series of visits to Chinese ports, met with a frosty reception. The officials of the port extended only the most formal courtesies and the civilian population, from the richest merchants to dock laborers, is completely ignoring the vessel's presence.

Thaw's Application.

White Plains, N. Y., April 22 —Justice of the Supreme Court Morchauser will give a hearing in chambers this afternoon to Attorney James O. Graham, of Newburgh, on the latter's application for a writ of habeas of corpus in behalf of Harry K. Thaw. The writ, if granted will be directed against the superintendent of the state hospital for the criminal insane at Matteawan and will call upon him to show cause why Thaw should not be released. If the present plans are followed the proceedings this afternoon will be entirely formal. Graham will be granted an order directing that Thaw be produced in court at a latter day when the real fight for his freedom will be begun.

Increased Circulation.

New York, April 22.—Wall streets interests were informed today that in the last five weeks the cash of local clearing house banks has increased $37,733,400, an average of nearly $8,000,000 weekly. The inflow of money they argue, is the best indication seen in a long time that there is really a general improvement in business conditions. Reports that money is also piling up in the principal cities of the interior that are prominent as money reserve centers, the financiers say, indicate business is gradually recovering from the recent depression.

Conditions in Chester.

Chester, Pa., April 22.—Street cars are running on all the lines in this city today and the general situation looks better than it has been at any time since the employees of the traction company went out on strike ten days ago. There was no disorder last night or this morning and it is generally believed that a compromise offer will be made by the street railway officials. Conditions are so satisfactory that one hundred of the members of the State police will leave the city within a couple of days.

Militia After Night Riders.

Louisville, Ky., April 22.—Trigg county, the hot bed of night riders, is to be invaded by the militia, and the State will make every effort to break up the organization in what it is considered its home. General Roger Williams will be in command. Troops are expected to reach Cadiz today. It is reported the Trigg county riders will fight before submitting to arrest. The bands that raided Princeton, Hopkinsville, Russellville and Eddyville are reported to have come principally from Trigg county.

Hitch in Divorce Proceedings.

New York, Apr. 22.—A sudden hitch is reported today in the suit of Mrs. Alfred Vanderbilt for divorce. Mrs. Cornelius Vanderbilt, mother of the young multi-millionaire, is said to have intervened with a new plan for a reconciliation which has temporarily halted proceedings. So confident is she of being able to unite the couple that Referee McClure and the attorneys on both sides are said to have agreed to delay the case until the outcome of the negotiations is known.

Found Husband Dead.

Alliance, O., April 22.—Mrs. John Learmonth, wife of the general freight agent of the Lake Erie, Alliance and Wheeling Railroad, descended the stairs for breakfast today she found the dead body of her husband, who left her seemingly well and happy a few minutes before, lying on the floor of the living room. Learmonth was 40 years old, and his death is supposed to have resulted from heart disease.

Raid Big Gambling Club.

Atlantic City, April 22.—The Manhattan Club, the most exclusive social organization of this resort, whose membership includes many New York and Philadelphia millionaires, was raided today for alleged gambling. A roulette wheel and other gambling paraphernalia were found and confiscated by the raiders. The onslaught on the club gave the resort its first real sensation of the season.

Temporary Injunction Granted.

Chicago, April 22 — Federal Judge Kohlsaat today granted a temporary injunction restraining express companies from carrying merchandise free of charge for their agents, officers or families of the same, or those of other lines, which is held to be in violation of the Hepburn act.

SHOT AT A PICNIC.

William Taylor, Samuel Taylor and George Marshall, all colored, were taken to Snow Hill, Md., yesterday and lodged in the Worcester county jail, charged with being implicated in the shooting of Denard Rawley, Edward Marshall and Harry Wise.

The shooting occurred at the Easter Monday picnic which was held by the colored people of Stockton and vicinity at St. Paul's one mile from the former town. It was caused by a dispute over a game of craps, and at one stage of the fracas practically every man at the picnic was engaged in the fight. The shooting was so rapid that persons at a distance said it resembled a discharge of musketry.

Wise, it is said, began the shooting, and after he had wounded a man turned to run. Others fired upon him.

As a result of the fight Edward Marshall and Daniel Rawley are so badly wounded that they are not expected to live.

THE ELECTION IN THE SECOND WARD.

The primary election in the Second ward yesterday afternoon for an Alderman and two members of the Common Council was spirited from start to finish. The candidates and their friends worked assiduously and brought out a large vote.

Mr. W. W. Ballenger, now an Alderman from the Second ward, was nominated, defeating Mr. Harrie White, who was a candidate for the position, and Messrs. Howard W. Smith and R. D. Brumback were nominated for the Common Council, defeating Mr. Carroll H. May.

The official vote was as follows:

Ballenger, 325; White, 52; Smith, 281; Brumback, 283; May, 105. The total vote cast was 387.

Mr. Ballenger, who will be returned to the Aldermen, has been a member of the board for several years, during which time he has devoted his attention and energies of the position. Messrs. Brumback and Smith are young, well-known and popular lawyers, and they will doubtless prove useful members of the City Council. These gentlemen will succeed Councilmen Henry Strauss and Julian Y. Williams, who declined to stand for re-election.

RECEPTION TO PASTOR.

The members of the Methodist Protestant Church tendered their pastor, Rev. G. I. Humphreys, a reception last night. The pulpit platform, recess and chancel were banked with cut flowers, growing plants and palms. Special music was rendered for the occasion. Rev. J. W. Van Arsdale, pastor of Trinity M. E. Church, delivered an address of welcome, on behalf of the clergy of the city, and Mr. J. H. Trimyer delivered an address on behalf of the church. Miss Faith Henderson responded on behalf of the Christian Endeavor Society, in a happy little speech, and presented a beautiful bouquet of roses to Rev. Mr. Humphreys, who responded in a feeling manner. After the service each person present shook hands with the pastor and bade him a personal welcome.

OBJECT TO JIM CROW SIGNS.

The street and steam railway companies operating lines into the District of Columbia have been requested to either remove or cover the so-called "jim crow" signs displayed in their cars, which are used for the information of the passengers in States where white and colored passengers are not permitted to occupy the same sections or coaches. This action is the result of a movement on the part of the Washington Ministers' Union. The Chesspeake and Ohio Railroad Company, the Washington, Alexandria and Mount Vernon Railway Company, and the Washington, Arlington and Falls Church Railway Company have announced that they will comply with the request and have the signs covered or removed while their cars are in the District of Columbia.

THE FISHERY.

The fishing season is still dragging its slow length along, but Fishtown is still devoid of animation. Herring continue to arrive and some cutting and packing is in progress. They sell from the vessels at from $2 50 to $3.00 per thousand, and shad at from $28 to $50 a hundred.

The fishing shores down the Potomac, which operate big haul seines are winding up operations. The shore at Windmill point, operated by Capt. Faunce, cut out in the latter part of last week, and the Fowkes shore, near the lower side of Potomac creek, will cut out this week. It is said that unless the catch of shad becomes larger several of the other hau shores will be forced to suspend operation before the season ends.

MASONIC VISITATION.

A delegation of members of Alexandria-Washington Lodge of Masons together with few members of the craft from Washington went to Fredericksburg last night and participated in the Masonic carnival in progress at that place. The visitors were heartily welcomed and entertained. The delegation was accompanied by the Alexandria Mandolin Club. The Alexandrians and Washingtonians left this city at 4 o'clock yesterday afternoon and returned at a late hour on a special train.

JUROR AND WITNESS TAKEN ILL.

Shortly after the trial of Harry Brown, charged with shooting Jack Elliott on December 20 last, had started in the Circuit Court for Alexandria county, yesterday morning, Louis Dalbert, one of the jurors, and Mrs. Bowers, one of the witnesses for the defense, were suddenly taken ill, and the trial was postponed until June 15. Brown was represented by Attorneys Machen and Moncure and Commonwealth Attorney Crandal Mackey is conducting the prosecution.

Court then adjourned till tomorrow.

JUDGE ASKED TO PRESIDE.

An order was received at the clerk's office of the Circuit Court today appointing Judge A. M. Aiken, of Petersburg, to hold a part of the May term of the Circuit Court for this city to hear the case of Hansbrough vs. the Southern Railway. Judge Thornton declines to sit in the case as at the time the suit was brought he was counsel for the railroad company in Prince William county. The case has had two trials already.

RAT KILLING.

There was another ratkilling today on St. Asaph street, near King. The victims were taken in traps in a store last night. Sixty rodents have been caught in the store during the past 28 days, and others are still in hiding. The rats are the largest ever seen hereabouts, and it is suggested by some that they must belong to and East India species which often attain 13 inches in length.

BIRTHDAY PARTY.

A very enjoyable evening was spent last night by many friends who gathered at the residence of Mrs. W. J. Blake, on north Columbus street, to participate in a surprise birthday party given by friends in honor of Miss Bessie McKelligett, of Seminary Hill. Among those present were friends from Baltimore, Washington, Alexandria and Seminary Hill, also a bride and groom from Leesburg, who stopped over on their wedding tour in honor of the event. The surprisers participated in games and various amusements. Vocal and instrumental music was rendered by the merry makers and at 11 o'clock the doors of the adjoining room were thrown open to a beautifully decorated table laden with refreshments. The birthday cake was adorned with nineteen candles.

CORPORATION COURT.

[Judge L. C. Barley presiding.]

Carter Bros. vs. Charles Kramer; an appeal from a justice's decision; case continued till June term.

To the Voters of the Eighth Congressional District of Virginia.

Recently there have been freely circulated throughout the District certain literature and affidavits for the purpose of creating the impression "that during my campaign for the nomination for Congress last year I used or attempted to use money and liquor to influence voters in my behalf." These affidavits are signed by men who made a strenuous effort to defeat me in the last Primary. They are being skillfully used by artful politicians for the purpose of injuring me in the estimation of the voters of the District.

I wish to distinctly deny the truth of these accusations and to denounce them as false.

I deny absolutely and without qualification that I made any improper or illegal use of money, nor did I furnish any liquor to any person at any time or place to be used in my behalf; nor did I offer to do either; nor was any money used for corrupt purposes, or any liquor furnished to influence voters by any of my friends with my knowledge or consent.

Respectfully,

C. C. CARLIN.

TO BURN HENRY HOUSE.

A dispatch from Richmond says: Moutville, the Colonial home of Patrick Henry, one of the most historic places in Virginia, is to be burned to the ground by its owners, the great-grandchildren of the famious Virginian, because the place has become overrun with bats.

Since the warm weather began there is no living in or near the place. Bats by the thousands hang about the grand parlors and spacious bedrooms of the colossol mansion. Attempts to exterminate them by poison and with clubs have failed. They are in every room. They hang in long strings from the furniture, from the ceiling, from the walls, and they are in such numbers that they form curtains before the windows, darkening the house during the day. The house has become uninhabitable because of the presence of the bats.

CARTER HALL SOLD.

Carter Hall, one of the finest estates in Clarke county, which was formerly owned by "King" Carter, who in colonial days was the owner of thousands of acres of land in Virginia, was bought yesterday by Mr. Townsend Burwell, of Millwood, Clarke county, for $60,000, from Eben Richards, of New York. Mr. Richards is vice president of the Mexican Central Railway and purchased the place several years ago from the Burwell heirs. The estate comprises 500 acres of land and there is a fine old colonial dwelling on it. The house was built in colonial times by Nathaniel Burwell, who married Elizabeth Carter, "King" Carter's daughter. Mr. Burwell, who is the son of George H. Burwell, of Clarke county, is a descendant of Nathaniel Burwell.

Everybody's for May, which has been received from its publishers in New York, is in every respect an attractive issue. In "The slaughter of the trees" most startling information is given regarding our forestry conditions. "In the shadow world" is described experiments of the author and great foreign scientists in the field of physic research. "The real seef and drugs" and "A clearing house for tramps" are up to date articles and "The players" is well illustrated. Fiction is especially strong this month, consisting of eight clever stories, and the verse is much above the average.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

KILLED BY STRAY SHOT

William Meyers, 25 years old, of Cincinnati, was shot just above the heart and fatally wounded early yesterday by Jerome Marcotte, an engineer, who was attempting to kill his wife in a West Side Chicago saloon and concert hall. One of Marcotte's bullets went wild, striking Meyers as he stood at the bar drinking; another grazed the side of Mrs. Lulu Marcotte's head and two others fired by Marcotte in an attempt at suicide passed through his hat without injuring him. Marcotte and his wife, from whom he had been separated, were arrested. Marcotte is said to have been jealous because of the attentions paid to his wife by a musician in the concert hall orchestra.

TO ADD TO CAPITAL GROUNDS.

Senator Wetmore has introduced a bill appropriating $2,500,000 for the purchase of the several squares between the United States Capitol grounds and the Union Railway Station in Washington and to provide for the grading and parking of the tract. This would make one of the finest plazas in the world, stretching from the new House office building nearly a mile to the end of the new railway station.

Shake off the grip of your old enemy, Nasal Catarrh, by using Ely's Cream Balm. Then will the swelling and soreness be driven out of the tender, inflamed membranes. The fits of sneezing will cease and the discharge, as offensive to others as to yourself, will be stopped when the causes that produce it are removed. Cleanliness, comfort and renewed health by the use of Cream Balm. Sold by all druggists for 50c, or mailed by Ely Bros., 56 Warren street, New York.
